

PERSONAL INFORMATION

Christine Boone

 CLS, Parc technologique du Canal, 10-12 rue Hermès, 31520 Ramonville Saint-Agne, France

 +33 5 61 39 48 54

 cboone@cls.fr

Sex F | Date of birth 04/11/1963 | Nationality French

WORK EXPERIENCE

Since 2012

Scientist Executive in the "In situ & Composites" Department of the Environmental Business Unit, CLS.

Expertise on the quality of the temperature and salinity in-situ profiles, validation/analysis of the content of the remote (SST) and in-situ datasets. Studies done for the French Research Institute for Exploitation of the Sea (Ifremer) . Studies and operational delivery of remote and in situ observations for the French Operational Oceanography Centre (Mercator-Ocean) in the scope of Copernicus Marine Service Project (CMEMS).

Expertise on the validation of the ocean models (scope of development of a Fisheries and Environment Monitoring Center in Indonesia). Technical specifications, monitoring and qualification of the software developments, test review, project documentation.

Expertise Tropical Cyclone Heart Content (APMB (Fisheries Ministry, Vietnam)

Training: December 2012: 15-day training session in Vietnam on oceanographic topics

Development and maintenance of operational systems.

From 1997 to 2012

Scientist Executive in the Operational Oceanography Department of the Space Oceanography Division (DOS), CLS

Development and maintenance of a quasi-operational treatment of altimetric products.

Estimation of the usefulness of altimetric data for ocean knowledge for offshore platform design and operation off the continental shelf in the Northern Atlantic.

Study on the correction of high frequency signals in altimeter data.

Salinity retrieval from passive radiometer.

Validation of in-situ temperature/salinity measurements

From 1992 to 1997

Data Analyst at Goddard Space Flight Center/NASA, Maryland, USA, employed by Reaseach and Data System Corp.

Analysis of altimetry data to look for oceanic signals.

Comparison altimetry and insitu data

Water transport calculation for insitu data

EDUCATION AND TRAINING

From 1990-1992	Master's thesis in Physical Oceanography: "The Dynamics of Barotropically Dominated Eddies"	
	Department of Physical Oceanography - Florida State University – USA	

From 07/1988 to 08/1998	Training "Turbulence around cylinders by spectral analysis of acoustic signals" Department of Mechanical and Manufacturing Engineering - Trinity College Dublin – Ireland
From 1987 - 1990	Engineering degree in Industrial Fluid Dynamics Ecole Nationale Supérieure d'Hydraulique et de Mécanique de Grenoble – France
From 1986 - 1987	Mechanical degree: « Maîtrise de mécanique » University Pierre and Marie Curie - Grenoble - France
07/1986	Training "Constraints in gallium arsenide by polarized infra red imagery" Grenoble Centre of Nuclear Studies (CENG) - France

PERSONAL SKILLS

Mother tongue(s) French

Other language(s)
English: Fluent
Spanish: Basic (scholar knowledge)

Other skills
Fluent in programming language: Fortran, Wave, IDL, matlab, perl, perldl, shell, python, html, php
On system: UNIX/Linux, windows

Driving licence B
