Communication skills

- Good communication skills acquired through participation in different European projects related to operational oceanography. At an earlier stage, as an expert in electronic invoicing, I have also actively participated in working groups and conferences.
- Working in different companies, from different sectors of activity, has given me a plural vision when interacting with colleagues and people of different profile.

Organisational / managerial skills

- Co-responsible for CMEMS In Situ TAC in IBI region.
- Co-leading development of website of CMEMS In Situ TAC, KPIs and Dashboard.
- Co-leading the homogenization process of the products of CMEMS In Situ TAC.
- Several Project Manager positions and coordination throughout my professional career.

Job-related skills

- Advanced knowledge in Software Engineering and Programming.
- Multidisciplinary vision in the management of databases, programming languages, requirements analysis, architecture and design of software components.
- Application of methodologies and documentation associated to each of the software projects in which I have participated.
- Knowledge in physical and operational oceanography acquired in the MyOcean and Copernicus projects.

Other skills

- Operative Systems: Linux, Solaris, Windows, MacOs.
- Languages: Java, Python, PHP, PLSQL, FORTRAN, .NET (C#, VB), C, ADA, Perl, Shell.
